MOLD MARKETS

FARCHNAD YR WYDDGRUG

The biggest and the best street market in North Wales

Marchnad stryd fwyaf a gorau Gogledd Cymru

A HISTORY OF THE MARKET

Mold has been a market town since medieval times and certainly street markets have been held here on a Wednesday since 1732. By the turn of the nineteenth century there were weekly markets on Wednesdays and Saturdays as well as on special fair days.

The Mold Market Company was formed in 1849 and it was they who built a new Market Hall at the Cross, on the site of the old Leete Hall which today is home to Lloyds TSB Bank.

Mold is proud to be the home of the biggest and best remaining street market in North Wales and is held in high esteem by traders and shoppers alike, for the range of goods available alongside its warm traditional Welsh welcome.

ALL THE LITTLE SHOPS

Don't forget, Mold has even more to offer the keen shopper! There are over a hundred independent shops for you to browse together with many big high street names. The sheer number, variety and quality of the independent shops means that Mold offers a truly unique shopping experience!

When you are shopped out and weary from wandering the high street there are some lovely cafes with excellent coffee and fresh cakes and pastries to revive you. Serious shoppers in need of lunch and evening meal will find a great choice from traditional pubs serving local produce to fine restaurants.

MOLD - a 'food town'

... where the quality of life matters

Cittaslow Mold

Mold is proud to be the first town in Wales to be accepted into the Cittaslow movement, an international network of towns where the quality of life really matters.

Cittaslow grew from the Slow Food movement which advocates that our food should taste good, be produced in a clean way which respects the environment, human health and animal welfare, and that food producers are paid a fair wage. www.slowfood.org.uk

As a Cittaslow town Mold aims to be a great place to live, work and visit and we are committed to six key areas: protecting the natural environment; developing people-friendly infrastructure; enhancing the quality of urban fabric; supporting local produce, products and traditions; providing hospitality to visitors; and encouraging active participation in community life. www.cittaslowmold.co.uk

The Mold Food and Drink Festival is an annual two day event taking place in September that is packed with fine food and drink, celebrity chefs, demonstrations, music and other entertainment to ensure that there is something for all the family. www.moldfoodfestival.co.uk

Fairtrade

Wales is the first Fairtrade country. Mold is a Fairtrade town with many shops and cafes selling Fairtrade products. Over the last three years Fairtrade producers from El Salvador, Sri Lanka, and South Africa have visited the Town to explain how our food purchases can support their communities. www.fairtrade.org.uk
